Miguel 24 March 2020 8:29 Haha I entered an 83 average to the high school I do not remember how much I take out in the exam but it went well, the same in high school does not do anything and copied the task most of the time, the Teachers were good honda and although you did not do anything all the semester could go out with an 80, I had a KK teachers, good teachers and teachers who do not do anything and go. Excellent public school, the best of all Jalisco. Stationery and Internet. Ahh and that it turns Jesus, I do not know if he follows there but he is from the worst masters and praise him as if he should be good. It fills you with jobs with very little time and for the top qualifying, tells you the majority of the departmental exam no matter if you did all your jobs which is silly because it leaves you a short time, also if you have complaints you get a fear Psychological that makes you not claim a new review of your average. Magdalena 08 November 2019 18:11 Sorry for good night, just to ask what ages you can enter this high school and that you need thanks I would apprecosive Sibre Answers Axel 08 November 2019 10:17 A High School s high quality in all aspects, maybe the same problem is its location but from there on outside this perfect BRYSA October 29, 2019 18:20 excellent preparatory, good facilities, good teachers and personnel that there ƒÂ Work, the most outstanding students, does not enter any ahÃƒÂ, take a good average and make a very good test.
